1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David L. Tingley on August 3, 2004

The application has been amended as follows:

On Page 6, line 22, "channels 80, 84" has been changed to --channels 80, 88--.

Regarding claim 3:

"a primary frame first end" (lines 1 and 2) has been changed to  
--the primary frame first end--.

"the primary frame side members" (line 4) has been changed to  
--the primary frame upper side members--.

"the second frame second end" (line 5) has been changed to

2. The following is an examiner’s statement of reasons for allowance:

The recitations of the specific features of the truck rack in claims 1 and 13 including especially the construction of the platform moveable longitudinally between forward and rearward in the supplemental frame as a raised flooring above the truck rear window and below the canopy roof, the platform providing unobstructed view rearward through the truck window while supporting a load under the canopy raised about the truck bed is not taught nor is fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
